

Data sheet LUXOMAT® Arc extinction kit

LUXOMAT® Arc extinction kit

- In some cases of switching inductive loads e.g. relays, rockerswitches, fluorescent lamps, transformers etc, the motion detector may be retriggered again due to the high inductive voltage. In those cases the above kit is recommended to be switched parallel to the load i.e. between L' and Neutral.

Type

Arc extinction kit
Mini-RC-Loeschglied

Part no.

10880
10882

Technical data

- Power supply: 230 V~ +6% /-10%
- Protection type: IP30 / Class II / CE
- Dimensions: L 62 x W 39 x H 24 mm
- Ambient temperature: -25°C to +50°C
